No.645/S/Sig/Policy/System Improvement

Date- 05/07/2023

Sr.DSTE(Co)Mumbai
Sr.DSTE-BSL, NGP, PA, SUR

विषय /Sub - System Improvement regarding mentioning of quantity of
Ferrous/Non-ferrous scrap on DS-8 notes.

In connection with the subject, following guidelines as system improvement is
approved by competent authority. The same are hereby circulated for invariable
compliance.

1. All divisions to calculate ferrous and non-ferrous contents for items like Cables,
Point machines, Relays, Chargers etc.
2. Divisions shall share information and procedure of calculation with each other.
3. For small and complex design like PCB which are difficult to segregate they can
be scrapped as per the existing procedures.

The above guidelines shall be given wide publicity for invariable uniformity in compliance
on the subject.
