ADVANCE RATE NOTIFICATION NO. 21 of 2024(Parcel)

Sub: Policy for utilization of BCN/BCNA stock for carriage of Parcel Traffic

Ref: Freight Marketing Circular no. 33 of 2024 dated 16.12.2024.

Authority: Board's Letter No. 2024/TC(FM)/13/01(Computer No. 3478346) dt 16.12.2024

In order to achieve the twin objectives of meeting the demand of customers and of gainfully utilizing the covered stock of IR (BCN and BCNA), a policy has been formulated to enable loading of BOG especially FMCG/FMCD and other White Goods (which are generally volumetric in nature), in these stocks. This product has potential for maximizing the traffic and revenue. The guiding principles of the said policy are as follows:-

1.1 The scheme permits loading in BCN and BCNA wagons which are lying idle and Parcel Vans are not available. The scheme shall be applicable against the VP indents. For the purpose, BCN and BCNA wagons will be considered as *Deemed VPs*. A record of such loading may be maintained.,

1.2 If the customer is willing to load such *Deemed VPs*, the loading may be allowed against such indents subject to the following conditions:

- i. **Commodities permitted:** White Goods such as home/electrical appliances, glassware, medicines, Milk products including chocolates, FMCG, FMCD, Textile Garment, Spices, yarn, furniture.
- ii. **Charging:** For such *Deemed VPs*, freight shall be charged at **Scale-'P'**.
- iii. **Charging weight** for deemed VP shall be 14 tonnes actual load whichever is higher.
- iv. The **minimum composition** of BCN/BCNA wagons shall be **30 wagons**.
- v. Divisions shall ensure that the wagons to be supplied against the *Deemed VPs* must be in good condition and free from any traces of previous loaded consignments viz. cement, coal, etc.
- vi. In case of mini rake indent, if the 42 BCN/BCNA empty rake is supplied, the remaining wagons can be allotted for loading against VP indents. This helps in effective utilization of capacity and throughput.

- vii. All such loading will follow the extant weightment rules.
- viii. Divisions shall conduct surprise checks from time to time to ensure that only the commodities listed under the policy are being loaded in such wagons.
- ix. Divisions shall ensure that transportation of the rake takes place within reasonable time.
2. These instructions shall come into force with immediate effect, and shall remain valid for a period of **01 (one) year** from the date issue of this circular, with provision of mid-term review.
3. Divisions may keep a watch on the loading pattern and give suggestions regarding system improvement in this policy.
4. CRIS will make necessary modification/ updations in the system.
5. Wide publicity of the scheme may be made among the stakeholders.
6. This issues in consultation with Rates, Traffic Transportation Directorates and with the approval of Finance Directorate of Ministry of Railways.
